Dear Fellow Members:

With the beginning of this new academic year, Eta Sigma Phi is once again out of financial jeopardy. This position has been achieved with the generous bequests of Professor H. R. Butts and Miss Maurine Watkins. However, with the ever increasing costs of running a national organization such as Eta Sigma Phi and the drain each year on the Endowment Fund, it is the president’s humble wish that the chapters and individuals continue to assist with their cash contributions. Hopefully, with these contributions the national organization will be able to remain out of financial jeopardy.

The applications for chapter membership in our national fraternity has fallen off drastically in the last years. This is due in part to the fact that many chapters do not fulfill the requirements but is mostly due to the waning interest in our classical heritage. Schools are dropping the classics from their course offerings and it is our sworn duty to promote these fading departments. As a minority, we must make extreme efforts to make our presence known. We must let the faculty and administration realize that we are just as much a part of the academic community as other departments are. If we at least strive to promote this precious heritage, then we have fulfilled our sworn duty to Eta Sigma Phi.

The new Megas Prytanis would like to express her deepest appreciation for the honor which was bestowed upon her by the national convention of Eta Sigma Phi. She would like to here express her thanks to the Executive Secretary, the Chairman and Board of Trustees, and students of various chapters of the National Fraternity for the encouragement received. It is her sincere hope that she may do a job worthy of the national organization. With the hope that the year is good to all, I remain

Sincerely yours,

Beth Tanner

The L. G. A SUMMER WITH THE

AMERICAN SCHOOL

Every person who visits Greece comes back with enthusiastic reports about the beautiful landscapes, the generous and friendly people, the great food, and the good times to be enjoyed at archaeological sites or beaches or nightspots or whatever the individual prefers. I can certainly say no exception. Greece is a "beautiful" in every sense of the word, and merits every compliment ever paid to it. To spend any length of time there is, indeed, to have a dream come true.

It is difficult to single out only a few items to mention to prospective visitors or members of the American School at Athens. The summer session itself is spent seeing Paris, Rome, and other cities and museums to the mainland and the islands (we visited Crete and Samos) and hearing lectures by experts with a variety of interests. Each member of our group was also responsible for two oral reports which were given "on the spot" throughout the summer. It was quite a change to be lecturing while standing on or pointing to the element in question instead of referring to a slide. An optional expedition was given at the end.

There were many memorable classical and personal moments in the course of the summer. It may sound odd, but when you see a piece of statuary that has just been uncovered after centuries of burial, you have an easy and an awe-inspiring awareness of the molding of just present. When we approached Delphi, the presence of the god seemed almost evident. The sheer cliffs were wreathed in gray mists and clouds. Jocelyn peaks stood only occasionally hidden by the sun reflected kaleidoscopica-

ally through the clouds. A rainbow arched over the path where Oedipus slew his father. Delphi was one of the last stops on our tour and in every way one of the most spectacular.

Modern Greece was also a big part of the summer. The Greek people are amongst the most helpful, joyful, and frank in the world. The Greeks show an ability of tolerating and amused us whenever they could. We were given a fairly amount of free time so that we could familiarize ourselves with Greece as it is today.

From the moment the ship rounded Piraeus, just appearing in the golden and rayed tints of dawn, until we passed Corfu almost seven weeks later (at midnight during a full eclipse of the full moon) the summer was an exciting and rewarding experience in a land whose beauty and people I shall always remember with a fondness and affection. Everyone, classicist or not, should include Greece in his itinerary.

THEODORE BEDICK, Chairman

Mark Gravrock is the newly-elected Eta Sigma Phi National President.

Mark Gravrock, the new president of Eta Sigma Phi, was elected to oust the incumbent, Thomas B. Clinton. Coming from Fullerton, California, Mark has returned to his native state of Minnesota where he is a senior at St. Olaf College. Mark is a member of both the Latin and Greek languages major and a charter member of the Delphi Chi Chapter.

Mark's plans call for enrollment in Luther College (St. Paul Minnesota) in September 1973. He hopes, as far as possible, to continue on the side his pursuit of classical scholarship once he has entered into parish ministry.
The Report of the Ritual Review Committee was then given and discussion followed. It was decided that Pi Beta Zeta, and Gamma Kappa chapters would write a new ritual and submit it next year.

The Resolutions Committee report was then given and accepted as presented.

Jo Kurtz, Gamma Chi Chapter, Chairman of the Time and Place Committee recommended that Mississippi State University, Jackson, Mississippi be accepted as the location of the Forty-Fifth National Convention to be held on May 6 and 7, 1973. The report was accepted.

The floor was then opened for new business as follows:

Professor Theodore Bedrick gave the nomination for the Board of Trustees: Dr. Louise Hoy of Marshall University to replace Sister Mary Isaac Joquez. This nomination was accepted.

Megas Prytanias Stephen Bungos read the nominations for national officers and nominating and seconding speeches followed. Then national officers were elected for the year 1972-1973. They are as follows:

APPENDIX I

REPORT OF THE COMMITTEE ON AMENDMENTS

I. The present committee proposes an amendment concerning membership.

The proposed amendment deals specifically with the qualifications for membership. "... a student must meet the following basic qualifications: an average of not less than a 'B', or in the case of a non-grading system a recommendation from the faculty of the Classics department and the Dean(s). Such will be obtained after the completion of two terms above the elementary level or one term above the intermediate level in Latin and/or Greek, or at least two term courses in Classics such as literature in translation courses and one term course in Latin or Greek above the elementary level.

II. The following amendment has been proposed concerning the specific requirements for the granting of charters to eligible chapters. "To be eligible for a charter in Eta Sigma Phi a college or university:

1. Must be accredited.
2. Must have a Classical curriculum.
3. Must offer a major in Latin or Greek or both.
4. Must have a faculty sufficient to meet the needs of the department.

5. Must have some type of organization which has been in existence for a period of one year consisting of at least five members who meet the requirements of Article IV, Section 1.

Such organization must submit to the Executive Committee a report after they have petitioned for a charter. These reports must be submitted monthly describing their activities.

III. The following amendment has been proposed concerning the election of officers: "The office of National President shall not be held by one candidate in any two successive years.

IV. Also concerning the election of officers, the following amendment has been proposed: "No chapter can hold two national offices in the same year.

V. The present committee has also proposed that the last sentence in Article XIV, Section 3 which reads: 'National Officer shall be entitled to one in his official capacity,' be deleted.

VI. We propose that Article XVI, Section 1, Paragraph 1 be changed from "...and shall come up for final..." to read, "An amendment, in order to be proposed, shall be presented in writing at one annual national convention, and if passed by a 2/3 majority of the votes cast, shall be submitted in written form through individual correspondence by the Megas Grammatai to each chapter at least two months prior to the next annual national convention and shall come up for final..."

The Forty-Fourth National Convention voted to accept the above proposed amendments and voted to bring up for final vote at the Forty-Fifth National Convention.
