Thirty-eighth National Convention April 1 and 2

Eta Sigma Phi Fraternity will convene its Thirty-eighth National Convention at 9:00 A.M. on Friday, April 1, 1966, in the New York Room of the Statler Hilton Hotel in Buffalo, New York. Business sessions will be held on the mornings of Friday, April 1, and Saturday, April 2. The election of officers for the coming year will be held on April 2, at which time also the site for the Thirty-ninth National Convention will be selected. Delta Beta Chapter, located at Canisius College in Buffalo, will be the host chapter. Officers of the chapter are Prytanis Francis M. Lazarus, Hyparchos James Hessinger, Grammateus Steven T. Stevens, Chrysophylax David E. Tobin, and Epistolographos James W. Brodman, who work under the leadership of Professor Philip F. Woody, the Adviser.

Prytanis Lazarus and the members of his chapter have arranged excellent entertainment for the delegates. Those who arrive on Thursday will be honored at a reception on the campus of Canisius College in the evening at 8:00 P.M. On Friday afternoon at one o'clock buses will leave the Statler Hilton for an excursion to Niagara Falls, where the delegates may enjoy this scenic wonder of our country. The annual banquet is to be held at the Hotel Peter Stuyvesant on Friday evening. The Reverend Cyril O. Schommer, S. J., will entertain the banquet guests with a violin concert. Father Schommer, a Professor at Canisius College, is a very well known violinist in the northeastern United States and in Canada and it will be a privilege to have him play for us. On Saturday morning Miss Karelisa Voelker, the Eta Sigma Phi Scholar to the American School of Classical Studies in Athens last summer and now a graduate student at the University of Chicago, an alumna of Alpha Upsilon Chapter, will speak to the delegates.

Requests for rooms at the Statler Hilton should be made directly with the hotel as soon as possible on the cards which have been supplied to each chapter. Requests for reservations for the banquet ($4.50 per plate, including taxes and gratuities) and for seats on the bus for the excursion to Niagara Falls ($1.00 per seat) should be forwarded to the Executive Secretary to reach him no later than March 20 on the blanks sent to the chapters.

Canisius College, the home of Delta Beta Chapter, was founded in 1870 by German Jesuits from the University of Innsbruck and named in honor of Saint Peter Canisius, a Jesuit scholar, theologian, and orator of the sixteenth century. "Canisius College is totally committed to the pursuit of wisdom... The pursuit of wisdom is never-ending... is carried on during every hour of the day and under every circumstance of life... The commitment of Canisius College to the pursuit of wisdom involves finally strong religious convictions, a dedication to Christ and His teachings." The College is located close to the center of the city of Buffalo on a nine and one-third acre campus, whose center is the tree-bounded Quadrangle. There are nine buildings, four of which have been erected in the past six years. Its enrollment is 3000 students with a faculty of 120, over one-fourth of whom are Jesuits and a majority of the members of the faculty hold doctorate degrees in their fields. Canisius College was founded as a Liberal Arts College but it now includes in addition to the College of Arts and Sciences a Graduate Division, a School of Business Administration, an Evening...
Tentative Program
Thirty-eighth National Convention
To Be Held at Buffalo, New York, April 1 and 2, 1966

Division, and a Summer Session. (Information for above paragraph taken from CANISIUS OFFICE BULLETIN, 1965-1966, and quotations are from pages 7 and 8.) Buffalo is the second largest city in the state of New York and has a metropolitan area population of more than 1,100,000 people. The first settlement in the area by Europeans was at the mouth of Buffalo Creek by the French in 1758 but this was destroyed by the British the following year. Lots were offered for sale by the Holland Land Company in 1803 at the site of Buffalo, which was mapped by Joseph Ellicott, who was also the planner of the city after that of Washington, D.C. The new town was burned by the British in 1813 but the inhabitants returned immediately and rebuilt the city. The opening of the Erie Canal in 1825 brought trade and prosperity to Buffalo and in 1832 the city was incorporated. The origin of the name of the city is much disputed but an explanation frequently advanced is that it is named from Buffalo Creek, but this does not explain the significance of the name. Today the city is a center of flour milling, meat packing, iron and steel manufacture, automotive and aeronautical building. It was the home of two American presidents, Millard Fillmore and Theodore Roosevelt. Roosevelt took the oath of office as President of the United States here in 1901. Theodore Roosevelt, Mark Twain, and the American humorist Mark Twain lived here for several years, to mention some of the illustrious citizens of the city in the past. Today it is a center of culture, art, and education. In addition to Canisius College there are the State University of New York at Buffalo, which was founded in 1846 as the Medical School of the University of Buffalo and later became Buffalo for women, and several additional colleges.

The Kleinhans Music Hall, designed by Eliel and Eero Saarinen, is the home of the Buffalo Philharmonic Orchestra and the Buffalo String Quartet. It is in residence at the State University of New York and is a popular concert on the campus. The Albright-Knox Art Gallery is recognized as a center of avant-garde art and is considered the most important museum in the state of New York and is quite popular with tourists and art lovers. The gallery is home to a great many paintings and prints by the most important artists of our time. Many of the works are very modern and include works by such artists as Pablo Picasso, Rembrandt van Rijn, and Edward Hopper. The gallery is open to the public and is a great place to visit if you are interested in art.

IMPORTANT NOTICE
Orders for membership certificates which are desired before the close of the summer session of the school are welcome. Orders received after April 42 will not be filled until the school is closed. Orders received after April 24 will be mailed during the summer or at the beginning of the fall semester. All orders not yet received by the National Office should be reported at once.

I shall forever be indebted to Eta Sigma Phi for its scholarship which enabled me to spend a truly unforgettable six weeks at the American Academy in Rome. Without their assistance, I very likely would have never had this tremendous experience.

Under the very able and inspiring direction of Professor Lionel Casson of New York University our group of thirty-five high school Latin teachers from all parts of the United States thrilled to sights we had only dreamed of belonging. I felt especially privileged to be in the Eternal City. Many of the group had been teaching for years, longing for a chance to see with their own eyes the places that had become so dear to them in their classrooms. Yet, I, with less than two years of teaching experience, found myself envying them and having considered the reward of their labors. It almost seems unfair. But far be it from me to complain! That summer will serve as an inspiration to me, regardless of what the future may hold.

It is impossible to see "all of Rome" in six weeks, I believe we did cover all the major points of classical interest, as well as many minor points of interest. This feat was accomplished through the energetic leadership of Professor Casson — and through the unflagging determination of the group to get the absolute most out of our time. The few days in Rome in spite of the often torrentious Roman sun! I am sure of most have much stronger legs as a result of our efforts — efforts well-rewarded. Besides our almost daily excursions into the city itself, we had the opportunity to take an outing near the city on the first day the entire group motored by bus to some point of classical interest outside Rome. These expeditions usually consumed the major portion of the day and were eagerly anticipated. Rome, of course, was the center of our interest and could have absorbed all our attention; but these periodic trips added variety, gave us a chance to see the countryside, and allowed us a respite from the frequently oppressive heat of the city. Then, too, we nearly always carried with us a very generous lunch packed by the Academy kitchen staff. No inexpressibly our beverage consisted of delicious native wine, produced from some odd hillside in a little village where we happened to stop. I assure you, the delights of Italy are not all intellectual.

Perhaps the most memorable of our trips out of Rome was the one to Cosa. An early-Romanian guard town, Cosa is just beginning to be excavated. It is situated on a high hill, jutting out into the Tyrrhenian sea about ninety miles north of Rome. Here we had the rare privilege of being guided around the excavations by a renowned archaeologist, Professor Frank Brown, formerly of Yale University, now Director of the Academy. A very unsanitary man, Professor Brown took time from his work to explain to us what he was trying to do. Through his ingenious verbalizations this ancient town came alive for us. The very modesty with which he presented Professor Casson that in addition to his work on only increased our admiration and sense of awe. We learned from Professor Casson that in addition to his work at Cosa, Professor Brown had secured an almost-impossible-to-secure niche in the collective imagination of the Forum itself. The Italians have

Among the Chapters

PI

Birmingham-Southern College

Carol Winningham, Grammarians of PI Chapter, reports that "eighteen members of PI Chapter initiated in February at a meeting on February 3. At that meeting, the new members were welcomed by President Professor H. R. Butts with a dinner in the history and activities of Eta Sigma Phi. The chapter plans to meet every year in the near future at the Planetarium where it was formed. The new members are: Legs and Among the Stars," which was written by Professor W. E. Glenn, and the Department of Astronomy, and Professor Butts for the Co-curricular Program of the College, which is called Quest. The book is based on mythology and the use of the myths by astronomers. Members of the chapter plan to participate in the Latin Translation and Greek Translation Contests of the Eta Sigma Phi Contest. Carol Winningham and James Pace assisted the Department of Classics in its open house program for high school students for a Scholarship Day February 23rd. Each year the chapter presents an Eta Sigma Phi medal in nine local high schools and one at Tuscaloosa High School.

Psi

Vanderbilt University

Pyrians Jeanneotte Roady of Psi Chapter has been selected to attend the following full account of the chapter's activities during the fall: "Beta Sigma Chi has been very busy since the beginning of the fall semester. We had a general business meeting in October to discuss our plans for the upcoming year. In November, we held our annual social event at the Delta Chapter House. During this event, we discussed our plans for the coming year. In November, we held our annual social event at the Delta Chapter House. During this event, we discussed our plans for the coming year." GAMMA THETA

Georgetown College

Professor Ruth F. Longacre, Adviser of Gamma Theta Chapter, sends the good news that the chapter has eight wonderful prospects for membership. The chapter is planning to attend the national convention.

DELTA BETA

Canisius College

Pyrians Francis Lazurus of Delta Chapter thoughtfully sent us a card from the members of the chapter who are making their annual field trip.
He says that they have toured the Corcoran Gallery and the National Gallery of Art in Washington, D.C., and will attend the University of Pennsylvania. Several members and Professor Philip Wooly, the Adviser of the Chapter, are making the tour. Mr. Laux and the members of Delta Leta Chapter have been busy making plans for the national convention.

DELTA GAMMA
Marywood College
Sister M. Josephine, Adviser of Delta Gamma Chapter, has supplied the National Office with this photograph of the members of the chapter.

DELTA IOTA
College of Saint Teresa
Sister M. Bade, Adviser of Delta Iota Chapter, supplied the editor with a clipping from the Winona Daily News of January 23, 1966, from which the following account of the Annual Classical Week at the College of Saint Teresa is taken. "Annual Classical Week at the College of Saint Teresa will be observed January 30 to February 5. Delta Iota Chapter of Eta Sigma Phi will be sponsor. During the week there will be an exhibit of facsimiles of Greek Biblical manuscripts in three volumes. Original manuscripts were brought to the U. S. from Cairo, Egypt, in 1920 and photographed in Washington." Contained in the volumes are works of the Minor Prophets and a third century manuscript of the Gospel and a fifth century manuscript of Deuteronomy and Joshua. The Reverend Anselm Perdottini, O.S.B., of Saint John's University, Collegeville, spoke to the members on February 5, 1966, about the Dead Sea Scrolls. Students from Winona Senior High School, Cotter and Holy Trinity High School were invited. There was also a display of a collection of Greek pitchers which was assembled by Sister M. Bade and Sister M. Jordan when they were in Greece. The climax of the Classical Week was a dinner on Saturday night in Lourdes Hall.

DELTA KAPPA
Carroll College
Delta Kappa Chapter initiated three active members on February 17, according to the report of Professor Alfreda K. Stallman, Adviser of the chapter. Two honorary members were initiated at this time also.

DELTA LAMBDAA
College of the Holy Cross
Edwin W. Woodsome, Jr., Epitologist of Delta Lambda Chapter, is a member of the Department of Classics at the College of the Holy Cross. The college recently announced a new faculty member, Professor Charles E. Snyder, who will be assigned to the classics department. Professor Snyder received his Ph.D. from the University of Michigan in 1963 and has been teaching at the college since then.

A Message To All Chapters

As the newly elected Megas Prytanis of Eta Sigma Phi, I should like to take this opportunity to extend my greetings to all members of our Fraternity. It will be my privilege to serve in this office during the months to come.

As I said in my acceptance speech at Buffalo, "No longer are we going to sit idly by and defend the Classics. The Classics do not need to be defended. They stand on their own worth and it is up to us to insure that they remain so." In the months to come it is my hope that we will break from any past lethargy which may have surrounded our chapters. Our potential must no longer be diverted to introspection. Develop programs which involve not only the academic community but which move outward to local schools and colleges, learned societies, and community projects.

With dynamism and purpose Eta Sigma Phi will place itself in the vanguard of a renewed interest and growth in Classical studies. With your cooperation and assistance the great traditions of Greece and Rome will retain their rightful positions with renewed vigor. Toward this goal let us all work together.

William A. Tosches
Megas Prytanis

Contributions to Endowment Fund

Contributions to the Endowment Fund have been more frequent since the last report. Miss Estella Kyne of Wenasctee, Washington, an alumna of Beta Lambda Chapter at Marymount College, has made a generous contribution to the Fund in honor of Beta Lambda Chapter. Members of the Fraternity are grateful to Miss Kyne, and to Dr. Ruby Hickman whose gift in honor of Chi Chapter was announced in the last issue, for their support of our Fund as alumnae and appreciate their loyalty to and interest in Eta Sigma Phi because of what the Fraternity has meant to them.

The Fund has been very substantially increased also by gifts from the following chapters: Alpha Pi Chapter at Gettysburg College; Beta Alpha Chapter and its Adviser, Professor Grace L. Beede, of the State University of South Dakota; Beta Theta Chapter at Hampden-Sydney College; Beta Kappa Chapter at the College of Notre Dame of Maryland; Beta Upsilon Chapter at Marshall University and its Adviser, Professor Louise P. Hoy, and former Adviser, Professor Lucy Whitel; Gamma Alpha Chapter and its Adviser, Professor Gertrude Ewing, of Indiana State University; Gamma Theta Chapter at Georgetown College; Gamma Omicron Chapter at Monmouth College; and Delta Beta Chapter at Canisius College. Several of these chapters make yearly contributions.

The Thirty-Eighth National Convention

Representatives and visitors from twenty-seven chapters registered at the Thirty-eighth National Convention of Eta Sigma Phi Fraternity, which was held on April 1 and 2, 1966, with official headquarters at the Hotel Statler Hilton in Buffalo, New York. The total registration was seventy-nine of whom eight were Advisers of chapters. Megas Prytanis Sarah S. Uzzell presided at all meetings and was assisted by Megas Hyarchos B. Louis Briol, Jr., Megas Grammataus Gertrude Kleener, and Megas Chrysophylax James H. Pace. Professor Gertrude Ewing of the Board of Trustees was present.

Prytanis Francis M. Lazarus and the members of Delta Beta Chapter with their Adviser, Professor Philip F. Woody, arranged each detail of the meeting most efficiently and proved themselves the finest hosts whom anyone could remember. On Thursday night those who were fortunate enough to arrive early were entertained at a reception in the beautifully appointed Student Center with refreshments.
NEW OFFICERS

Delegates to the Thirty-eighth National Convention chose the following officers of the fraternity for the year 1966-1967: Megan Prytania William A. Toches, Delta Lambda; Sydney Scott College of the Holy Cross, Megan Hypharos James W. Broidman, Delta Theta; Canisius College, Megan Grammata Theodore A. Berktold, Lambda Lambda; Saint Mary's College, and Megan Chryso- phylux Hartley Schaefer, Beta Theta Chapter, Hampden-Sydney College. The campus was selected as the location of the hospitality of Delta Beta Chapter. The banquet on Friday night at the home of Peter Suyver was most

JUDITH ANN BRIGGS, an alumna of Beta Omirion Chapter at Mount Mary College, has been awarded theEta Sigma Phi Scholarship for study at the American School of Classical Studies at Athens this summer. She was graduated summa cum laude from Mount Mary College and presented for her degree a thesis on the use of Homer by Cicero in his philosophical works. She has been a student at the University of Toronto for the past three years and will receive her M. A. this June, but since she had already completed part of her work for the Ph. D. degree, she expects to receive it in two years. During the past year Judith has been a junior staff member of Victoria Col- lege, University of Toronto, working in the Department of Ethics and will continue in that capacity in the com- ing year. She comments, "My work in Classics radically affected my choice of field of concentration in philosophy, namely ancient Greek philosophy. My master's thesis was a comparison of the psychological theories contained in the works of Aristotle and Plato." Our interesting paper is due. Over the summer, Judith will continue his study of the Classics for a Ph. D. degree and is a proponent for a career in teaching. He is a member of Phi Beta Kappa.

BERNARD LOUIS BREIL, JR., retiring
Mega Hypharos of Eta Sigma Phi Fraternity and Prytania of Beta Theta Chapter, will be the Eta Sigma Phi Scholar to the American Academy in Rome during the coming summer. He will be graduated from Hampden-Sydney College this June. He is working as a library assistant, as student guilder in Classics, Bible, and biology departments, and as cover artist for THE RECORD, Hamp- den-Sydney's Alumni magazine. Last summer he was awarded a grant to study Latin paleography at the College. Louis is an accomplished artist and claims pasting posters as his chief avocation. He has held a scholarship as an undergraduate and has been a first dean's list student regularly. He is active in debating and an officer in the Young Democrats Club. Mem- bers of the Thirty-seventh and Thirty- Eighth National Conventions will remember him for his dignity and effi- ciency. Outstanding are the following.

Milton Wilson Fellowship will continue his study of the Classics for a Ph. D. degree and is a proponent for a career in teaching. He is a member of Phi Beta Kappa.

Among the Chapters

As is usual in the May Issue Among the Chapters speaks in the words of our members. The reports of the delegates to the National Convention are given from chapters which were unable to attend and are printed below with the names of those who prepared the reports even at the end of each article, if this is known.

LAMBDA
University of Mississippi

"Lambda Chapter reports a successful year. The chapter has sponsored several interesting speakers with topics ranging from the history of Roman clubs to a discussion of the Saturnalia. Later this spring the chapter plans to work with the University Players on the production and publications of ELECTRA. Lambda Chapter will close its activities with its annual Roman banquet in May." - Gertrude Allen

Pi
Birmingham-Southern College

"Pi Chapter has held regular monthly meetings this year. Programs were provided by guest speakers from the College faculty from departments related to Greek life and culture. Our program, entitled Legends among the stars," was given in the Memorial Hall, on the campus. Here Greek and Roman mythology was tied in with..."
was felt that such a contest would encourage high school pupils who have a real interest in Greek and Latin. Certificates and prizes will be provided to the winners in the first year category and each of the Latin projects. A contest will be held on May 17 at the announced time and place in the Language Lab of the University of Alabama. Entries for the contest should be submitted to the Department of Classics and the winner will be announced at the commencement exercises.

ALPHA PI

GETTYSBURG COLLEGE

"The year 1965-1966 has been a growing year for Beta Theta Pi and has been characterized by well-attended meetings and enthusiasm in the local chapter. This year we look forward to the new initiates. At the March monthly meeting Gettysburg's chapter was granted a New Chapter Inauguration, which has been eagerly awaited for many years. As a result of this, our chapter has been composed of two seniors and eight sophomores for the upcoming year. The purpose of our chapter is to promote Greek and Roman culture, and we are very excited about this development."

MILLISOPS COLLEGE

"Alpha Phi Chapter has had a busy year so far. The members of the chapter have been very active, and our programs should be directed so that each member can benefit from them. The chapter has been affiliated with the National Women's Liberal Arts Association, and we are looking forward to receiving our membership in the fall."

LEHIGH UNIVERSITY

"This year has been an active one for Alpha Epsilon Pi. In the area of manpower, we doubled our membership and had two initiations, one in each semester. This increase reflects the increasing interest in the study of ancient languages. As in past years, we continued our close association with the Lehigh Valley Chapter of the Archaeological Institute of America. The members of Alpha Epsilon Pi made several trips for lectures and dinners of the association, and in turn, we were privileged to attend the lectures. The chapter was represented at the spring convention of the American Philological Association by Professor T. Leslie Shear, Jr. of Bryn Mawr College, Professor Martin Wilbour, Columbia, and Professor C. Emile Haspells of the University of Alabama."

ST. LUCY'S UNIVERSITY

"Betula Zeta's annual chapter banquet was held March 13. Dr. Chauveneau Finch presented a paper entitled "Ren- naisance in Athens." We have sent one hundred invitations to local high schools to participate in our annual competition. Twenty-four high schools were represented, and April 2 and 99 students from 18 schools participated. We plan to sponsor another competition next semester. Three of our members were invited to speak to local high school clubs: Kathy Beckman, Ron Blasing and Al Klein."

from our Student Government. The completed mats were sent to the printer just the day before this convention and we will have the magazine to distribute to the students when they return from Easter break. We are also in the midst of organizing our annual High School Latin Contest for the high schools of the Central New York area. The contest will be held April 16 and 17, second, and third prizes will be awarded."

**DELTA ALPHA**
*Randolph-Macon Woman’s College*

"Delta Alpha Chapter chartered a bus to Baltimore in November to tour the Walters Art Gallery. The curator conducted the tour and the Classical collection was quite exciting. Late in November we had two graduate students from the University of North Carolina to discuss their dissertations which are now in progress. Both of these are members of Eta Sigma Phi. Professor Helga Nehrkorn gave slide lectures of Athens in October and February. In March Professor William Odom of Hampden-Sydney College gave a talk entitled ‘Athenian Women.’ We will present a scene from Plautus’ *MENAECHMI* in Latin at the annual language festival at the college in April." Margaret Ellen Apperson, Prytanis.

**DELTA BETA**
*Canisius College*

"One of the most fruitful efforts of the chapter this year has been the presentation of OEDIPUS REX in the Technicolor cinema version produced at Stratford, Ontario. An activity no less fruitful, but of more practical interest to the members of Delta Beta Chapter was the annual field trip in February to Washington, D. C. where the points of interest which consumed the greater part of their time were the Corcoran and National galleries of art. The group motored to Philadelphia and visited the Philadelphia Museum and the University Museum of the University of Pennsylvania with its excellent classical section. Another annual Delta Beta feature is the High School Latin Translation Contest. Eleven schools entered a total of 360 contestants. When the winners are decided, a reception will be held in their honor at Canisius. The Alumni Association of Canisius College has agreed to donate to Delta Beta a trophy to be called the ‘Eta Sigma Phi-Canisius College Alumni Latin Trophy,’ which will be awarded the school that finishes highest overall in the contest.” Francis M. Lazarus, Prytanis.

**DELTA GAMMA**
*Marywood College*

"The major activities of Delta Gamma Chapter included the co-sponsoring with our general Classics Forum of the Rafferty Latin Memorial contest for third and fourth year high school Latin students. The chapter also had as a guest speaker the Reverend Hilary Hayden of St. Anselm’s Abbey, Washington, D. C., a member of the Arlie House Commission for Classical Studies. On April 19 the chapter will present two or more showings of THE SEARCH FOR ULYSSES to the faculty and student body and on Class Day in May the seniors will receive their Eta Sigma Phi keys." Victoria McDonald, Chrysophylax.

**DELTA EPSILON**
*Belhaven College*

"Delta Epsilon Chapter has been very busy. This month we are going to have a ‘College Bowl’ type program and next month we are planning a reading of some excerpts from Greek plays. Our members are very much interested in Eta Sigma Phi.” Katie Moore, Prytanis.

**DELTA ETA**
*Seton Hill College*

"Delta Eta Chapter participated in numerous activities during the past month, including attendance at various classical TV programs and movies, lectures and slides, and the Latin Workshop at Saint Vincent College, which closed with a Latin play presented by the Prep School. The scholarship fund which the Classics Club started two years ago continues to grow, and the Department of Classics with the addition of Modern Greek and Classical Mythology to the curriculum has doubled in enrollment.” Mary Ann Gerres, Grammateus.

**DELTA LAMBDA**
*College of the Holy Cross*

"Delta Lambda Chapter entered its second year with much enthusiasm on the part of its twenty-eight members and a full schedule of activities which will conclude in May of this year. On March 24 and 25 the chapter, in conjunction with the College Speakers Bureau, The Cross and Scroll Society, sponsored the two-day visit of Professor Jotham Johnson of New York University, who chose as his topics the current trends in classical archaeology and related subjects. On April 15 members of the Society in association with the English and Classics departments of the Worcester Diocesan and Public schools conducted a ‘Know English Contest’ for students of the area. The contest involves the inter-relations of the Classical and English languages. Members of Eta Sigma Phi acted as correctors, moderators and assistants for the administering of the contest. On May 15 the year will come to a close when members of Eta Sigma Phi who are also members of the Hellenic Tradition Seminar will undergo an oral examination conducted by professors of Classics from schools throughout the East. In connection with this program we will host a general reception for interested students and high school teachers following the examination. F. Michael Buckley, a member of Delta Lambda Chapter, received the following scholarships: Rhodes, Fulbright, Danforth, and Woodrow Wilson, and he plans to attend Oxford University.” William A. Tosches, Administrative Chairman.
