MONMOUTH COLLEGE
INDEPENDENT STUDY AGREEMENT

Mathew Adam Toussaint and Professor Wallace

Agree to fulfill the requirements for the following course:

CATA 490 - Independent Study

JUSTIFICATION:
I am doing this independent study to fulfill a CATA major requirement for graduation. I am also doing this project so that I will have a good artifact that I can use to show off my skills and abilities in the area of media production to potential employers.

GOALS (SKILLS AND CONCEPTS) TO BE MASTERED:
I will have an admissions-style video about life at Monmouth College done by the end of fall semester, 2004. I wish to master my skills in video editing and dvd authoring.

AMOUNT AND KIND OF INSTRUCTION:
Minimal. I learned the basics of the video editing and dvd authoring software during a media production class last year. Anything I can't figure out with the guidebook, I could probably find out with the help of Professor Goble.

PROGRESS REPORTS (FREQUENCY AND FORM):
I will meet with Professor Wallace once every two weeks to discuss/show the progress I've made.

EVALUATION METHODS:
1. Evaluation of scripts/storyboards.
2. Evaluation of final project in terms of meeting goals/objectives.
3. Student evaluation.
4. Feedback from others who viewed the project.

HOURS: 3

We, the undersigned, agree to the terms set forth by the above-mentioned independent study agreement.
